**Regional Locations**

1. "Regional Locations?" is a list of the Regions and the states that makeup each region.

**A - Z**

1. Elements from "A-Z" will either produce a pop-up, dropdown list or take the user to a page that will allow him/her to choose from an alphabetical list.

**Movie Elements**

- The user can click the "play" button to view the movie's trailer.
- The **Stars** show the overall rating for the movie, to show regional ratings the user must select that from the **Search Reviews** menu.
- The **Select** button will take the user to the movie's detail page.

**See All**

1. The **See All** will take the user to a complete list of the related movies. Example: **See All Top Rated Movies:** will take the user to a list of the top rated movies. The number of movies will be determined by client or web team.
